

## 2020 Watershed Support Levels and Benefits

Grantmakers of Oregon and Southwest Washington is committed to supporting and building upon our collective work in equity, collaboration, and advocacy. We are always seeking out the latest trends and information in philanthropy to share with our members as they maintain and grow their missions.

Your Watershed Support helps us further elevate our work as your membership association by bringing interesting speakers, new programming, and collaborative projects to our entire community.

Ultimately, your Watershed Support makes it possible for GOSW to strengthen and further build our sector.

## Our Guiding Principles

### We as members of Grantmakers of Oregon and Southwest Washington:

- commit to excellence, effectiveness and inclusive practices in our giving, employment, leadership and civic activities. We commit to learning, open dialogue and reflection in an environment where all individuals have voice and full participation.
- recognize our role in investing in underserved communities. Therefore, we commit to fostering the conditions necessary for individuals and communities to prosper, reach their full potential and achieve well-being.
- commit to transparency and to fulfilling our work based on principles that reflect our obligations to maintain the public trust.
