

Program Sponsorship Levels and Benefits

Demonstrate your leadership in a specific area of interest by sponsoring our programming. This year we have expanded our program sponsorship options to include our Equity Series, Relevant Topics Series, Communities of Practice, and Best Practices Series. *(See the chart below for details on the opportunities associated with Program Sponsorship)*

Equity Series: GOSW commits to providing our members with opportunities to continue learning and building their equity practice during sessions occurring up to twelve times yearly. As an Equity Series sponsor you will help members take a deeper dive into equity issues, presented by experts in the field, that have a direct impact in serving BIPOC communities. Your commitment to strengthening equity will be recognized throughout the sector.

Communities of Practice: Diversity Equity and Inclusion: Two series of monthly meetings that focus on supporting our members in their DEI practices using the “community of practice” peer-coaching and learning model. These monthly meetings are available to individuals willing to commit to attending all sessions to build trust and create community among attendees for a personal and professional journey in equity.

Relevant Topics Series: This series explores topics that are timely for today’s funder and critical to effective philanthropy. Session topics include: Futures Thinking Post 2020, Trust-based Philanthropy, Collaboration for Critical Change and other thought-provoking subjects throughout the year.

Best Practices Series: GOSW provides training sessions, repeated twice yearly, on the fundamentals of philanthropy that focus on legal compliance for funders, nonprofit financial reports/statements, and other best practices to support your funding process and fulfill requirements in grantmaking.

2021 Changemaker Investment Levels and Benefits

Grantmakers of Oregon and Southwest Washington is committed to supporting and building upon our collective work in equity, collaboration, and advocacy. Your Changemaker Investment helps us further elevate our work as your membership association by bringing interesting speakers, new programming, and collaborative projects to our entire community. Ultimately, your Changemaker Investment makes it possible for GOSW to strengthen and further build our sector.

Benefit	\$10,000	\$7,500	\$5,000	\$3,500	\$1,500
